

## REMARKS

This paper is being provided in response to the January 18, 2007 Office Action for the above-referenced application. In this response, Applicant has amended Claims 5 and 56 in order to clarify that which Applicant deems to be the claimed invention. Applicant respectfully submits that the amendments to the claims are all supported by the originally filed application.

In response to the remarks set forth on page 2 of the Office Action regarding use of trademarks with the specification, Applicant has made appropriate amendments to the specification herein.

In response to the rejection of Claims 5 and 56 under 35 U.S.C. 112, second paragraph, Applicant has amended Claims 5 and 56 to remove usage of the term "ACTIVEX" in accordance with remarks set forth in the Office Action. In view of the foregoing, Applicant respectfully requests that the rejection be reconsidered and withdrawn.

The nonstatutory obviousness-type double patenting rejection of Claims 1-18, 29-45, 56 and 57 as being unpatentable over Claims 1-18 and 29-45 of U.S. Patent No. 6,701,519 has been addressed by the submission of a Terminal Disclaimer herewith. Accordingly, Applicants respectfully request that the rejection be withdrawn.

The rejection of Claims 1-18, 29-45, 56 and 57 under 35 U.S.C. 102(b) as being anticipated by "DevCenter Concepts, NuMega™ DevCenter™", hereinafter "DCC1999", is hereby traversed and reconsideration thereof is respectfully requested.

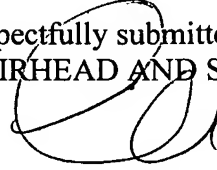

Applicant respectfully submits that the DCC1999 reference, although having a date thereon of March 1999, was included in the product NuMega™ DevCenter™ V1.0 having a first public use or sale date not earlier than April 19, 1999. As such, Applicant respectfully submits that the DCC1999 reference was available as a printed publication not earlier than April 19, 1999. The DCC1999 reference was included in documents submitted in connection with an Information Disclosure Statement (IDS) on February 25, 2003 for the parent application, U.S. Patent Application 09/548,127, now issued U.S. Patent No. 6,701,519, of the above-referenced patent application.

In view of the foregoing, Applicant respectfully submits that the DCC1999 reference is not a proper reference under 35 U.S.C. 102(b) and respectfully requests that DCC1999 be removed as a reference in connection with the rejections set forth herein.

Accordingly, Applicant respectfully requests that the rejection be reconsidered and withdrawn.
